CONDITIONS OF SALE.

Please read Sale Terms Before Bidding.

This is a bona-fide public sale, for prompt cash settlement, and irresponsible persons who are not sure whether they can pay for what they bid on, are asked not to bid. The cataloguer has taken special pains to describe each lot accurately. Errors will be corrected, but he reserves the sole right to decide upon any claims. No corrections or refunds will be made, and no lots can be returned, unless the bidder submits his case in writing **within 30 days of the date of the sale.**

Coins and medals are sold at so much per **PIECE**, and no lot will be separated. You cannot buy a few pieces out of a lot but must buy all of it. The auctioneer will accept no bid under 10 cents to start a lot where that lot contains only one piece; nor will he accept any advance under 5c on any lot containing but one piece; after the price has reached \$2. no advance under 10c will be accepted on any lot containing one piece; after \$5.00 the bid must advance 25c each time; after \$10 no bid under 50c.

Our rules regarding lots containing more than one piece will remain unchanged and the same as before.

Auction sales are strictly for cash. Parties unknown to me and bidding for the first time, must give bank or other reliable reference, or their bids will not be executed.

Forward your bids as early as possible, as thousands of bids have to be entered. Do not make ridiculously low bids, such as 10c. and 15c. on foreign silver coins worth several times over as bullion. Write your bids plainly, with a pen if practicable.

Where the number of pieces in a lot is not given after the description there is but one piece in the lot.

Be sure you bid on the lot you wish to buy. We cannot correct such errors.

All coins, etc., are genuine unless otherwise described.

A charge of 5% will be made to cover packing but where the parcel is bulky an additional packing charge will be made. No charge made for bidding except for lots actually purchased. Remit by money order or New York draft.

If any further information is required as to valuation of lots, or how to bid, please write the cataloguer, **THOMAS L. ELDER.**

Important Notice. We keep two books of the sale recording each lot as sold, and we will not accept any sale records from outsiders. **Our records are final.**

IMPORTANT ANNOUNCEMENT.

Kindly Read Sale Terms. Coins Are Not On Approval But Are Actually Sold. Any Controversy Over A Lot Is Settled By The Cataloguers. According To Printed Sale Terms. All Complaints By Mail Must Be Made Out In Writing And Within Thirty Days Of The Sale Date. No Returns Allowed After That Time. Terms Positively Cash. Please Don't Bid Unless Ready To Pay For The Lots At Once. Don't Bid Ridiculously Low Prices On Silver And Gold. Remember The Price Of Gold Today Is Quoted At \$35 Per Oz. By The Government. Bids Under That Are Useless And Cannot Be Entered At Less Figures. The Government Pays Now 43c to 45c Per Oz. For Coin Silver, So Old Offers Of 35c Per Dollar Are Also Useless. Besides Our Dollar Has Been Devalued To Under Sixty Cents. This Is Another Consideration, And Should Be Remembered In Making Bids. The Gold Content Of The Dollar, So Largely Reduced, Should Influence Larger Bids On Coin Lots Than Formerly, And Lead To Large Increases In Your Offers On Gold Coins. Go Carefully Over The Catalog And Make Out Your Bids Carefully, Rechecking Afterwards To Prevent Errors. We Will Not Rectify Bids On The Wrong Lot, And Are Not Mind Readers. All Such Errors Are Up To The Bidder. The Bids Previously Made On Gold Coins Like Gold Dollars Are Altogether Too Small, And We Predict A Much Higher Value On Gold Dollars In The Very Near Future, As Well As On All Other Gold Coins.
